**Naspa Internet Access Numbers**

**Milwaukee** (414) 908-8324  
**Racine** (262) 676-0011  
**Kenosha** (262) 484-0031

**Configuring Dial-Up Networking**

From the *Start* menu, select **Settings**, then **Network and Dial-Up Connections**.  
Double-click **Make New Connection**.

Select **Dial-up to the Internet**. Click **Next**.

Select **I want to setup my internet connection manually**. Click **Next**.

Select **I connect through a phone line and modem**. Click **Next**.

Type the appropriate access number. Click **Next**.

In the *User name* section, type your Naspa user ID.

In the *Password* section, type your Naspa password. Click **Next**.

In the *Connection name* section, type **Naspa**. Click **Next**.

If you would like to setup a mail account at this time, select **Yes**. Click **Next**.

Select **Create a new Internet mail account**. Click **Next**.

In the *Display name* section, type your real name. Click **Next**.

In the *E-mail address* section, type your Naspa email address. Click **Next**.

In the *Incoming mail server (POP3, IMAP, or HTTP) server* section, type **mail.naspa.net**.

In the *Outgoing mail (SMTP) server* section, type **mail.naspa.net**. Click **Next**.

In the *Account name* section, type your Naspa user ID.

In the *Password* section, type your Naspa password.

Click **Remember password** if you wish. Click **Next**. Click **Finish**.

**Connecting to Naspa Internet**

From the *Start* menu, select **Settings**, then **Network and Dial-up Connections**.

Double click **Naspa**.

Once connected, launch the appropriate browser.

**Technical Support**
